HINGLAJ
IRON
HOUSE BALOTRA{Raj}

Welcomes You !

Well established at Industrial hub L... it has fully-grown up as reliable manufacturer of wrought iron component, Decorative Products, Fencing, Railing Hardware & Accessories, and Gate Grill Parts. It has been vastly famous across worldwide market for it's in-depth Domain Expertise, Designing, Quality, Timly Service and Business Strategies, Leading to Design, Producing and Exporting Wrought Iron, Ornamental Iron, Cast Iron, Grill and Stairs Parts & accessories.

Quality Policy

keeps an eagle eye during the entire manufacturing processes of our products, to ensure the best quality to our valuable customers worldwide . We have highly skilled team of Products Designers, Quality Controllers, who conduct strict quality parameters as per Global Standards, so our products have been high in demand by worldwide customers. To keep the environmental guidelines have a graphical view of our certifications.

ISO 9001:2008

Finedge Inc.TM

An ISO 9001 : 2008 Certified Co.

Client Satisfaction

Currently, we export Wrought Iron component, Decorative Products, Fencing, Railing Hardware & Accessories, and Gate Grill Parts to reputed clients to different part of the world, which include Australia, Europ, United States, United Kingdom and Middle East. All these achievements are supported by our skilled Graphical designer, highly-qualified Technical and Experience-enrich Production and Dispatch Professionals.

Our Quality Policy includes the following specifications

- Immediate services to customers queries
- Implementation to customer's queries
- Fulfillment of their precise requirements
- Use best quality raw material for finished products
- Delivery within agreed time-frame

Quality Assurance

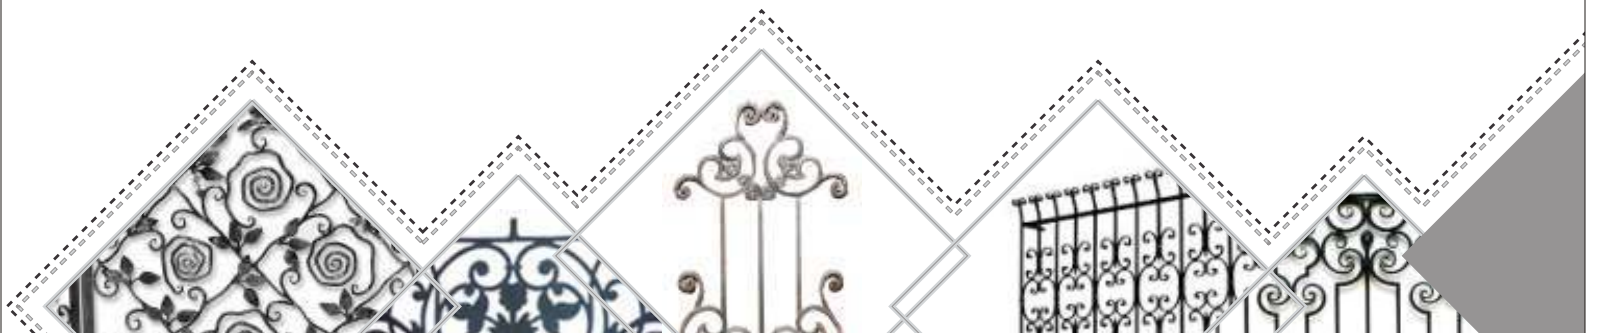

To maintain international standards in terms of our products quality, we make our approach based on the parameters proven by German Cert (ISO Certification). We use superior quality raw material, Eco-friendly chemicals in manufacturing for these products. Our quality controllers conduct stringent quality test on varied processess and parameters to ensure the product quality.
